history is a powerful tool in the hands of politicians and can be a destructive weapon since power over the past is the power to decide who is a hero and who is a traitor tradition the memory of ancestors and the experience of previous generations are the keys that unlock the door to citizens minds and allow certain ideas visions and political programs to flourish however can history be a proper political weapon during democratisation processes when the past is clearly separated from the present are the new order and society founded on the basis of some interpretation of the past or rather are they founded only with reference to the imagined future of the nation this book explores such questions through a detailed description of the use of remembrance policies during political transformations it discusses how interpretations of the past served the accomplishment of transitional objectives in countries as varied as chile estonia georgia poland south africa and spain the book is a unique journey through different parts of the world different cultures and different political systems investigating how history

was remembered and forgotten by certain democratic leaders individual chapters discuss how governments remembrance policies were used to create a new citizen to change a political culture and to justify the vision of the society promoted by the new elites they explain why some difficult topics were avoided by politicians and why sometimes there was no transitional justice or punishment of the leaders of the authoritarian state the book will be of interest to anyone wishing to explore policies of remembrance democratisation and the role of memory in contemporary societies

this book the first of two volumes brings together the work of domenico mario nuti to highlight his significant and varied contribution to economics bringing together works from across nuti's career his distinctive intellectual framework is exemplified in relation to discussions on the drivers of economic growth and development the most efficient economic system the organisation of firms and how economies should be managed this volume gives particular attention to socialist economic systems and the transition of former socialist countries to market economies this book through the inclusion of an introduction aims to contextualise his ideas and illustrate their continued relevance it will be of wide interest to students and researchers

this book moves beyond technical studies of pension systems by addressing the political economy of pension reform in different contexts it provides insights into key issues related to pension policy and its developmental implications drawing on selected country studies in africa asia eastern europe the middle east and latin america

this companion provides a review of global value chains gvcs and the megatrends that are shaping them and will continue to reshape them in deep set trajectories of change over the next few decades megatrends herald both challenges and opportunities with the growing interest among business leaders and researchers in gvcs this is a reference work which fills a gap in current literature by focusing on the new features of gvcs including the shift of global purchasing power towards developing economies the significance of emerging technologies and data analytics the increasing tensions between globalisation and de globalisation and the role of micro multinationals start up entrepreneurs the public sector and middle markets in a fast changing global economy the early chapters are essentially intradisciplinary in character with the first seeking to explore some historical aspects of gvcs subsequent chapters cover the theory and practice of operations and supply chain management emerging supply chain technologies and the impact of inter firm collaboration across sectors and economies the final chapters take a more interdisciplinary approach and examine topics at the interface of gvcs with the economy society culture and politics this comprehensive handbook provides a timely analysis of leading edge global megatrends and practices in one volume

exploring the post communist transition that has taken place in the ukraine this text covers nation and state building national identity and regionalism politics and civil society economic transition and security policy

defect and diffusion forum vol 61

the mrs symposium proceeding series is an internationally recognised reference suitable for researchers and practitioners
